

News From Your TOWN HALL

There's a little black nigger boy in a temporary road for the school set-up. The Mayor and the County Commissioner were here. Which one was to blame is your choice. I got my opinion and it includes both.

The general idea was to allow your kids to detour around the airport down to the State house, the two switch engines and the truck drivers to get to Broward Grain and then across to the school.

Then in the afternoon you could dodge the switchengines and all the negro truck drivers that your husbands were carrying to get back to the field and maybe get your kids home safe.

If he's riding a bicycle—and there are over 100 of them—he could take his chances. The more we think of it, the blacker the little nigger gets and the knowledge, Sunday, forward thinking on the part of our officials—they remind me of the Washington bureaucrats.

Commission And Citizens Discuss School Detour

The hold over City Commission did not transact any business that it felt should be handled by the incoming commission. But did turn back considerable business for the latter's consideration.

The sizeable audience of prominent citizens in the lobby showed that there must be something important in mind to be discussed, so the session was thrown open to these visitors.

The question which came up for discussion was that of a proposed detour from the corner of the Broward Grain store, eastward on the main road to the school house main road of way, to the school house main road. This detour is intended to provide ingress and exit for the people living east of the school house for the transit of the school buses and private cars carrying children to the school. It also means that the traffic would have to take the narrow air port road to and down thru the packing house district with all its congestion and activity.

Prof. Hobson stated that this plan was the most responsible and unsafe and brought about a condition most serious to school operations. He expressed himself as firmly of the belief that such a detour should be constructed from the hazard standpoint. That he was not prepared as school principal to shoulder the responsibility of the safety of the children in transit over the proposed detour route.

Principal Frank O. Hobson was called upon for his opinion and they were very adverse to the proposed plans worked out for bus and children traffic. He stated that the situation as now exists, and will exist during all the school year, is a very serious and precarious one and that all the power that the city government has should be exercised to bring about the new contemplated plan.

It was a football day at the club and the members of the Golden Rams squad were guests of the club. Each member was introduced to the club and the position on the team and expressed their confidence in being able to win the opening game at Lake Worth. The club obligated itself to see that as many season tickets as there were members would be purchased for the home game season, also by patronizing and rooting for the games away from home.

In compliance with a request of Congressman Dwight Rogers, on October 10th, there will be a debate and open forum discussion on the question "Shall the United States Have Compulsory Youth Military Training."

An Auto Fire

The city fire department was called to the Bill Pierce garage Wednesday afternoon to put out a fire in a Ford car which had caught fire outside the new building. There was no delay in getting an alarm into the fire department. The cause or no delay of the truck in its response.

Shipping Ice To Miami

The hurricane brought a shortage in the ice supply in the Miami area and to aid out in the situation the City Ice and Fuel Company was forced to draw on their ice storage supplies from many of its plants, including the one at Pahokee.

James Ball, E. H. Borchardt, County Commissioner Paul Rader and others also took an active part in the discussion and it was finally decided to invite State Highway Commissioner Nathan S. Emory of Ft. Lauderdale to come to Belle Glade for a conference with the group of representatives from the city school clubs and citizens.

James Ball, E. H. Borchardt, County Commissioner Paul Rader and others also took an active part in the discussion and it was finally decided to invite State Highway Commissioner Nathan S. Emory of Ft. Lauderdale to come to Belle Glade for a conference with the group of representatives from the city school clubs and citizens.

Milton Campbell Heads C. of C. For Coming Fiscal Year

Five New Members Added To The Director's Board

Heavy storms before the meeting of the Chamber of Commerce kept the expected large attendance down to a score of interested members and officers. The meeting was presided over by George Royal and H. L. Haney.

The principal business of the evening was the election of a new governing body to serve during designated terms of office.

By a unanimous vote Milton Campbell, of the Florida National Bank, was chosen as president for the coming year and new directors chosen were E. H. Borchardt, Charles Fontaine, Jay Sample, Harold Rubin, and Ted Daniels. Other hold over directors are Walter Greer, H. L. Haney, George Tedder, J. O. Jameson, C. E. Reidel, Thomas Bruger and W. P. Risk.

The Board will meet soon to organize and name a chairman and secretary, name committees and formulate plans for the future activities of the Chamber.

P. P. DeMoya, president of the RDB was the guest speaker of the evening and he brought a report on the subject which he chose to label "Development of the Everglades" and among the things he cited in substance were these:

That a strong Chamber of Commerce, with cooperative membership of large dimension, united to meet the situations existing and coming to the glades area, could do much to put this section on the map as an industrial, commercial, farming and recreation division unequal in all South Florida.

Get Drivers License And Avoid Prosecution

W. T. Carlisle, state highway patrolman for this district, reports that auto owners are being very slow in coming in to get their 1945-46 driver's licenses. He states that car owners and operators should have these necessary cards no later than October 1st, for on and after that date it will be a state violation to be without them and arrests and prosecution of violators will be enforced. Car owners will need be subjected to examination as to their driving ability before a new license will be issued after that date.

Funds For The Station

Under a distribution of State funds for the Agricultural Department this week, the Experiment Station has given \$20,000 to provide salary increases and other benefits to the working force there. Also \$5,000 for the improvement of vegetable and grass culture on the East Coast area of Palm Beach county.

Service Men who FIGHT and WRITE

It morning, coming in we saw all of the Fleet, battleships, cruisers, etc., and we passed the "Lardner," I called and there is only one signalman aboard that I know. We passed within a couple of miles of the U. S. S. Missouri and could see all the guys in whites and Admiral Nimitz and General McArthur's flags flying. It was about and they signed. We were picked up a Jap pilot and he took us into a dock and we carried unloading troops and cargo. The Navy base and city and almost completely evacuated. The Base was hit pretty bad but most of the docks are left standing.

He is a good campaigner, a service and the Combat Infantry.

PFC. JAMES M. DEANE

Private first class James Deane is spending a furlough with his parents, Mr. and Mrs. E. L. Deane. He recently returned to the States after serving with the Infantry in the South Pacific.

The \$4,000,000 Glades C. of C. seems to have the best chance of coming thru the flood conditions prevailing. Most grovers reported seed beds in fair shape and prospects of a high salvage. Crops planted before the hurricane rains is practically all gone, and this was early. The normal season still has time to get under way.

Hurricane Survey Shows Property Damage Normal

The big storm has come, paid its respects and left its calling card of damages, continued up through the state and on through the Carolina camps. State damages run into the millions, mostly in the Perlin, Gould and Homestead section. In the Glades section the loss to property is nominal but crop farmers have seen hard hit by high flood water.

Early Saturday afternoon boarding up began in the city and by nightfall most exposed properties were so protected that they were ready for whatever the approaching storm would bring here. Heavy winds began to blow during the mid-afternoon accompanied by heavy rain.

Estimates were that the wind velocity was around 90 miles an hour and the accompanying rain came down in deluge for several hours.

An early Sunday morning survey showed that few properties had been damaged in the city. A few signs blown down and a few roofs suffered from the wind. There was water all over Ocala Migrant camp, along the roadways and it looked like a small Venice, ditto at Okeechobee and Everglades camps.

Farms in the Glades were pretty much inundated by inches to feet of water so that operations will need be suspended on most of the farm grounds for a time. Many trees were blown down, especially some of the Australian pines along the canals toward West Palm Beach and several hundred on Big Kreamer, as were also telephone poles.

The former Prosperity building, which houses the bank and the Mattie-Lee stores, has now had a new label placed upon it announcing that B. F. Fears is the present owner. The word Douglas, the original owner, has been removed. Mr. Fears is planning on doing much remodeling to this block in the near future.

South Shore Damages Crops But No Persons Or Property Hurt

The hurricane which side-swiped the Lake Okeechobee farming area Saturday night did very little property damage and so far as is known there was no loss of life but damage to the early crops was not light.

Lake Harbor was the only town on the lake so far as can be ascertained which was generally evacuated. Residents from Lake Harbor took refuge in Okeechobee City, Ft. Pierce and Orlando leaving only a few hardy souls to weather the storm at home.

Some of the South Bay people were wondering how the telephone portion either remained in the house or took refuge at the school while Principal H. S. Emery kept open as a place of refuge.

Chief C. Q. Payne reports that approximately 600 negroes were moved to the Okeechobee Migrant Camp between four and six Saturday night, after warnings were extended to this region. He stated that no infractions of the law, even minor misdemeanors were reported before, during or immediately after the storm.

Supt. H. O. Earwood of the Okeechobee Camp states that he had 1000 negroes in the Camp Assembly hall during the night of the storm and the others in shelters around the camp. He reports very orderly behavior, no hysteria and no infractions of the rules.

Approximately six inches of rain fell during the storm. The Experiment Station reported a 58 mile wind velocity as the highest wind registered at the Station during the storm. Government men manning the hurricane gauge.

No Immediate Help But RDB Is Given Job To Prevent Condition

B. P. W. Club Has Dinner Meeting

A dinner meeting was held by the Business and Professional Women's Club at the Bell Restaurant Thursday evening. The meeting was opened by President Adelaide Perry who requested each member to introduce her guest. An emblem program was conducted with Mrs. Barron and Mrs. Imogene Fontaine in charge and others taking part were Miss Sara Lee Cohen, Miss Mel Scott Brown, Mrs. Abby Zamp, Miss Corrine Cullen, Miss Sue Stanton, Mrs. Margaret Harris, and Mrs. Florence Smith. An outline of plans for the community barbecue to be held October 11 was given by Miss Creech. This is to be in honor of those who have served on the local Selective Service and Training Board and all civic clubs as well as the Recreational Council are taking part.

Others present were Mrs. Ruth Wedgeworth, Mrs. Iler Green, Mrs. Ida Hardy, Mrs. Nell Scullen and the guests were Miss Harriet McLain, Miss Gene Rushing, Mrs. Ruth Langworthy, and Miss Louise Cook.

Lack Of Rainfall Only Hope Of Normal Fall Crops; Action Taken

With more than 90 land owners, taxpayers and old timers in attendance, a meeting in the Town Hall Thursday decided that there is nothing that can be done to provide immediate relief from high water, but definitely turned over to the Palm Beach County RDB the job of getting some action to prevent a recurrence of present conditions.

Six months ago the entire Glades was suffering from a drought almost unparalleled in history today it is facing a surplus of water that makes it doubtful if a 50 per cent fall crop will be harvested in the Glades.

For instance, a money crop of recent appearance, is running the race against odds not common in Glades vegetable growing; beans being planted with doubtful outcome; celery has a brighter prospect with hope as its main virtue as far as the early crop is concerned.

Horace Bechtel had hope for all the drainage districts where any normal of "house-keeping" has been done. That is, where ditches have been cleaned, proper pumping facilities kept up to date and dykes are in good repair—if no additional rains are encountered.

Chairman of the RDB Walter Control Committee, asked for consideration of the RDB as an agency to secure some permanent relief from such proper pumping facilities kept up to date and dykes are in good repair—if no additional rains are encountered.

Manager A. R. Whidden of the telephone company revealed that the first goal of reconversion in the telephone business is to manufacture and install the equipment which will enable the telephone company to put in telephones for all who desire them.

Reconversion from wartime to peacetime manufacture already is under way with the result that the various items of telephone equipment required to furnish service to additional subscribers will begin to come from the manufacturer in steadily increasing volume, Mr. Whidden said.

This equipment addition will enable the telephone company to serve those applicants in Belle Glade and South Bay who have waited longest for telephones.

Mr. Whidden said "Telephone people are anxious to serve everyone on the waiting list, but naturally it will take time. We sincerely appreciate the patience and understanding of those who are waiting. We have an up-to-date record of each applicant and everyone can be sure that his application has not been overlooked. As the equipment becomes available, and it takes many types to render service, you may be sure that your application will come up in its proper turn. Your wait will be made just as short as possible."

Pet Show To Be Held In City Park

Boys and girls get your pets all spruced up for the big event! Whether it be a gold fish, a goat, your dog Elmer, or your horse Silver, it is eligible for the competition at the Pet Show to be staged in the City Park Friday, October 5th.

Application blanks for the show should be secured from Miss Gillman at the park this coming week.

Lets make this something for the town to see.

Move Offices to New Plant

The E. H. Borchardt company on Wednesday moved its down town office to its new plant over on the terminal allotment and packing house district. In the new location the company will have fine business offices.

Football Game To Be Played At Pahokee

The football game scheduled for next Friday, September 28th with the Rams vs. the Stuart Tigers will be played at Lake Field in Pahokee, with the Kick off at 8:15.

This change is due to labor shortage and the delayed arrival of lighting equipment, therefore making it impossible to have the athletic field ready for the game. Principal Gaudin, of Pahokee High, has granted permission for our team to use their field on that night.

Talking to a local commercial fisherman the past week, he Continued on page 5

More men of Belle Glade to attend Church and Bible school services in the churches of the city. The First Baptist church hereby extends a cordial welcome to all men to attend any and all of its Sunday services. **First Baptist Church**

Mrs. J. C. Williams and Mrs. E. C. Hodges returned Monday from Arlington, Va., where they attended the wedding of Mrs. Williams' daughter Marion Elizabeth. While there they visited historical points of Washington, D. C., and witnessed the welcome ceremony for General Wainwright.

MRS. J. W. MOSLEY HONORED

Mrs. Bea Fleming entertained Monday afternoon with a desert birthday bridge in honor of Mrs. J. W. Mosley. Refreshments were centered around a beautiful white cake with yellow rose bud trimmings. Gifts were then presented to and opened by the celebrator.

Guests attending included Mrs. R. Y. Creech, Mrs. Ws. Chas. Fontaine, Mrs. Robert W. Weeks, Mrs. H. R. Hill, Mrs. H. C. Van Landingham, Mrs. E. M. Van Landingham, Mrs. Frank Dooly, Mrs. Jas. A. Ball, Mrs. J. L. Freeland, Mrs. George Bender, Mrs. Bill Schreiber, Mrs. Hubert Tillery, Mrs. H. O. Earwood, Mrs. Wiley Milligan, Mrs. W. R. Hooker and Mrs. J. D. Howington.

MRS. LUTHER JONES IS ENTERTAINED

Mrs. Luther Jones was honored Monday evening with a dinner given by Mrs. J. D. Howington. Dinner was served buffet style after which a white birthday cake was cut by Mrs. Jones.

Gifts were then opened and displayed. Guests included Mr. and Mrs. R. Townsend, Mr. and Mrs. C. J. Asper, Mr. and Mrs. J. L. Freeland, Mr. and Mrs. J. H. Newton, Mr. and Mrs. H. O. Earwood, Mr. and Mrs. Lawrence Will, Mr. and Mrs. W. B. Granger, Mr. Luther W. Jones and Lucie Jones.

RAINBOW GIRLS ELECT OFFICERS

The Rainbow Girls, an organization for girls sponsored by the Masonic lodge and the Order of Eastern Star, held a meeting at the Carpenter's Hall Thursday evening for the purpose of electing officers. This organization has the distinction of being the only one of its kind in the State. It was decided to hold regular meetings hereafter on the first and third Tuesdays of each month. Sponsors for the evening were Mr. and Mrs. Joe Cherry, Mrs. E. B. Hamilton, Mrs. J. W. Lyons, Mrs. Ruth S. Wedgworth, A. A. Kirchman and Roy Layfield.

Approximately 35 members attended and elected the following officers: Worthy Advisor, Peggy Thompson; Worthy Assistant Advisor, Peggy Rawls; Charlat, Edith Bregger; Hope, Carolyn Hamilton; Faith, Dolores Frier; Recorder, Dorothy Layfield; Treasurer, Joyce Borchardt; Chaplain, Charlotte Enlow; Drill Leader, Dorothy Walker; Organist, Barbara Hill; Choir Director, Mary Eleanor Kiddler; Love, Beverly Hughes; Religion, Geraldine Dras; Nature, Carlene Cone; Immortality, Norma Jean Armstrong; Fidelity, Louise Hamilton; Patriotism, Shirley Connell; Service, Elsie Ruth Harrell; Confidential Officer, Sue Cherry; Outer Observer, Anne Kirchman.

HERRIN-THIGPEN

An announcement has been received of the marriage of Miss Virginia Thigpen to Don Herrin on September 2nd at Birmingham, Ala. Mrs. Herrin's home is in Birmingham and they plan to make their home in that city. Mr. Herrin is formerly of So.

Day and Belle Glade prior to entering the Army four and a half years ago. He went overseas with the Paratroopers and served in the European theatre for the past three years returning to the States about six weeks ago at which time he was granted a discharge from the Service. The young couple have written that they plan on visiting the Glades in the very near future.

WILLIAMS-FISHER

An impressive ring ceremony was performed at the church of The Resurrection in Arlington, Va., when the marriage of Marion Elizabeth Williams, 8 1/2 of the WAVES, daughter of Mr. and Mrs. J. C. Williams of Belle Glade, to Richard Bernard Fisher, 8 1/2, son of Mr. and Mrs. William T. Fisher, 8 1/2, of Arlington, was solemnized by the Rev. Herbert W. Long.

The church was beautifully decorated with white gladioli and palms. Mrs. Robert W. Long was vocal soloist and Miss Jane Malone of Washington, D. C., was organist, presenting a program of nuptial music.

The bride, who was given in marriage by Richard C. Taubersmith, Sr., wore a gown of white satin with a marquisette lace yoke and long sleeves. Her finger ring veil of illusion was held in place by a tiara of pearls and her only ornament was a string of pearls. She carried a shower bouquet of white rose buds.

Doris Wells Kelly, 8 1/2, WAVES, of Tifton, Ga., a maid of honor and wore a frock of blue satin with matching veil and carried a bouquet of pink rose buds.

The Matron of honor was Mrs. Wm. T. Fisher, who wore pink jersey with applied chiffon and matching veil and carried a mixed bouquet. Miss Catherine Jo Fisher, sister of the groom, was in yellow net with matching veil and carried a mixed bouquet.

Bernard C. Taubersmith, Jr., and Sergeant Anthony Mattare served as ushers.

William T. Fisher, Ph.D. 1/c, brother of the bridegroom was best man. Following the service an informal reception was held at the home of the parents of the groom. A beautiful tiered wedding cake topped with the bride and groom was served to her guests. Other refreshments and dancing was enjoyed in rooms decorated in Navy blue and gold.

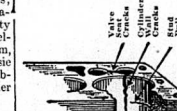

The young couple left on a wedding trip to New York and will return to their base at Arlington. While on duty they will be at home at 709 N. Edison St.

Mr. and Mrs. Arnold Hudson have returned from Ft. Pierce where they visited F. H. Moore and family.

Mr. and Mrs. H. O. Mitchell have returned from Hamilton, New York where they spent the summer.

Miss Peggy Thompson has returned from visiting her parents, Mr. and Mrs. George Thompson at Swainsborough, Ga., during the summer. In the absence of her sister, Mrs. Mark Challinor is staying with Mrs. J. C. Bass and attending the Belle Glade High school.

F. W. Mueller had the misfortune recently to break several ribs in a fall from the E. M. VanLandingham corral on which he was making some repairs.

Mr. and Mrs. Alfred Vadasz and daughter, Karen, were the recent week end guests of Mr. and Mrs. S. F. Bode at Ft. Myers.

Mrs. W. G. Byrd was taken to the hospital in Orlando last week for a major operation. L. L. Hardy, Ray Hardy and Mrs. Betty Walker, who are of the same blood type as Mrs. Byrd responded to a call for blood for a transfusion for Mrs. Byrd.

Mrs. Corna Brewer is still a surgical patient at the Government hospital near Belle Glade.

Mrs. Floyd Wilder was taken to the Good Samaritan hospital in West Palm Beach for treatment the first of the week.

Mrs. J. W. Strickland and children, Billy, Dorothy and Tommy, accompanied by R. G. Lockmiller motored Mrs. O. L. Strickland to Homestead Monday to visit her other son, J. L. Strickland.

ARM 2e E. E. Hardy and wife came up from Miami Saturday to get out of the hurricane area. They visited their parents, Mr. and Mrs. M. D. Hardy, Mr. and Mrs. L. O. Ratley.

Soth Roundtree of Miami visited his parents, Mr. and Mrs. Ted Daniels, and his grandparents, Mr. and Mrs. C. J. Brown one day last week. Mrs. Roundtree is the daughter of Mr. and Mrs. C. J. Brown.

BIBLE QUESTIONS ANSWERED BY THE VOICE OF PROPHECY INTERNATIONAL BIBLE BROADCASTERS

Question—Do you believe in the verbal inspiration of the Bible?

Answer—The words of the original manuscripts were not inspired, what was? The Bible is composed of words. In Hebrews 12:27 the whole argument turns on three words, "yet once more"; in Galatians 4:5, on the positive rather than the plural. Taking these four texts together, we find that to change a phrase, the voice or sense of a verb, or the number of a noun would destroy the teaching of the Scriptures. Isn't this close verbal inspiration?

Q—Is there any hope for a real drunkard?

A—There is hope for anybody who will really turn to God for help. Isaiah 59:1, 2: "Behold, the Lord's hand is not shortened, that it cannot save; neither His ear heavy, that it cannot hear; but your iniquities have separated between you and your God, and your sins have hid His face from you, that He will not hear." And 1 John 1:9 is still in the Bible.

Q—Where is Christ now?

A—"Looking unto Jesus the author and finisher of our faith; who for the joy that was set before Him endured the cross, despising the shame, and is now seated at the right hand of the throne of God." Hebrews 12:2.

Q—Does the Bible say anything about someone's trying to change the time?

A—"The prophecy is in Daniel 7:25: "And he shall speak great words against the most High, and shall wear out the saints of the most High, and think to change times and laws; and they shall be given into his hand until a time and times and the dividing of time."

Q—Is it true that the two iron legs of the image in Daniel 2 refer to Hitler and Mussolini?

A—No. The great prophetic image had four main parts: head of gold, breast of silver, sides of brass, legs of iron, representing four succeeding world kingdoms. These were Babylon, Persia, Greece, and Rome. Read the whole chapter, and it will be clear.

Ed. Note: Address your questions to the BIBLE QUESTION COLUMN, The Voice of Prophecy, Box 100, Jackson, La. 70202. Bible questions of general interest will be answered in this column as space permits.

tree is on a vacation visit to her parents, Judge and Mrs. L. S. McCormick at Ridgeland, S. C.

Lonnie Warren of Belle Glade has purchased the C. E. Forbes house from the present owner, Mr. January.

Lester MacTerry has purchased the home and furnishings of Herman Stanley. Mrs. Stanley and son Danny are visiting in Gainesville for the present.

Kenneth Lockmiller and Max Harrell have returned from Cambridge, Md., where they spent the summer in the produce business.

Pvt. R. B. Posey came down from Maryland Thursday and remained until Monday with his uncle, Jack Warren and family.

Pvt. Hoch Cooper is home on a furlough from Camp Bragg, N. C., and visiting his parents, Mr. and Mrs. E. M. Cooper.

Mrs. Ruth Dorsey spent the week end with her parents, Mr. and Mrs. L. O. Ratley and family leaving Sunday for Montgomery, Ala., where she joined her husband, Sgt. Edwin Dorsey.

Mr. and Mrs. Mark Challinor and sons, Mickey and Jimmy, are expected home from Hamilton, N. Y., within the next few days. They will visit their parents Mr. and Mrs. George Thompson at Swainsborough, Ga., as they are enroute home.

Holding Prayer Meetings

The Baptist church is holding cottage prayer meetings each week under the direction of the pastor, Rev. David Lynn. Monday evening the service was at the home of M. D. Hardy; on Tuesday evening at the home of Mrs. J. P. Prevatt in Bean City; Wednesday evening the regular mid-week service was conducted at the church. Friday evening a meeting will be held at the home of M. J. Hardy and Saturday evening it will be at the church.

SOUTH SHORE

(Continued from Page One) The gate at the junction of the North New River and Hillsborough Canals reports a 75 wind velocity at that point and an 80 mile wind at Clewiston. The lowest barometer reading at South Bay was 29.74 between 2 and 3 a. m. Sunday morning. Slight damage to the siding of several of the pumping plants was reported. The pumps were in operation on 24 hour schedule. The operator at the South Bay pump reported the level of water in the main drainage ditch at 11.6 Saturday night and 14.0 on Sunday morning in spite of constant pumping by both units during the night.

High land along the lake shore from South Bay and Bean City to Lake Harbor was out of water Sunday and any crops planted probably was undamaged. 1000 acres of land which had been planted adjacent to Road 26 between South Bay and Okaloosa were all under water Monday and estimated to be a total loss.

Clarence Cooper of Okaloosa who has 5000 baby chicks in various stages of growth reports that none of them suffered any damage and he had no loss due to the storm.

E. R. Butler, who is farming 800 acres between South Bay and Okaloosa, reports that his dike broke in two places during the storm and flooded the entire tract but he had no loss since none of the land had been planted but was plowed and ready to plant.

J. C. Summerlin reports the loss of 175 acres of young beans. J. C. Campbell stated that everything on his side of the canal was under water and could be counted a complete loss. John Nylins reports all his land under water and the water still rising. Roy E. Hudson has 50 acres of beans planted, 15 of which were undamaged by water or wind.

C. A. Thomas reported the loss of 50 acres of early beans. Lewis Bolton reports his early crops flooded and his packing house unharmed. He remained in his home and remarked that the walls of the house gave the appearance of breathing as they swayed in and out with the gusts of wind.

O. H. Chatham, superintendent in charge of the creation of the new Florida Power and Light power line being put in from Ft. Lauderdale to Tallahassee, reports considerable damage not only to the new line but also to the old lines. Many of the poles for the new line will have to be reset and considerable repairs to the old lines before normal service can be resumed he said. Crews are working day and night to reset these necessary repairs to restore service in this area.

War's Most-Famous Picture

GIVEN TREASURY—Ted R. Gamble, national director of the Treasury's War Finance Division, accepts the picture made by Joe Rosenthal, Associated Press photographer, second from left, on two Jims as Brigadier General Robert Deane and Lieut. General Alexander A. Vandegrift, Marine Corps Commandant, look on. This picture is the 7th War Loan issue.

MILTON CAMPBELL

Continued from page one
Advocated the hiring of a top notch executive secretary who would organize and promote the Chamber's work, advertising to world and to plan projects for get our possibilities before the present and future years.

Promised that if it decided to set up such an organization that the full office corps of the RDB organization would be brought to the Glades to conduct a membership drive, set up the official plans for the office and lay out a program of activities.

He stressed the need of hotels, apartment houses, residential homes and business location buildings, and if these were provided they would all be snapped up and occupied by old as well as new comers citizens and business men.

He was of the belief that the RDB development would be the largest in the Glades and instead of two processing plants, there might be additional ones provided, if the crop warrants their establishment.

At the suggestion of Jay Sample, in order to attract skilled labor into the Glades and provide them temporary living

Part 2 of a grand homecoming...

(Part 1 is up to us!)

Long before his troubles vanish in her warm embrace... long before he sees home again, he can be there—if you will help him.

The first thought of thousands of weary men, now landing in the South, is to rush to the telephone and call home.

What a disappointment if they find all long distance lines busy and they can't get their calls through.

Your telephone company is doing all that is humanly possible and you can help, too, by skipping all unnecessary calls—and by cutting short the essential ones.

If you find this inconvenient, just remember what that first call home means to returning service men.

SAVE CALLS FOR SERVICE MEN!

SOUTHERN BELL TELEPHONE AND TELEGRAPH COMPANY
INCORPORATED

We're Sorry... But Government Controls Still Apply to

JAX Beer

Many of our good customers and friends have been wondering why, with rationing controls lifted on many things, they can't get all the JAX Beer they want now.

We wish you could. But War Food Administration limitations still limit the amount of malt we can obtain. In addition, 15% of all the beer we produce must be "set aside" for government distribution.

We're making all the beer we're allowed to make—without in any way changing the superb quality that has made JAX a famous regional beer. We're distributing it fairly to our customers, just as we have since government restrictions were imposed.

We'd like to give you all the JAX you could possibly use. But until restrictions are lifted we can't.

We tell you this simply to remind you that some industries are still under restrictions...and because we know you'll continue to be patient when you understand the situation.

Meanwhile keep on asking your dealer for JAX, the Drink of Friendship. If he doesn't have it, remember that JAX is worth waiting for...it gives you premium quality for which you do not have to pay a "premium price" to cover long distance shipping charges.

Say JAX you can't get better beer any more!

JAX BREWING COMPANY Jacksonville, Fla.

Pinnip Baby Given War Bonds

THE WINNER—Little 15-month-old Harolyn Cheryl Meyer of Trenton, New Jersey, official pinnip girl of the USS New Jersey, was made \$3,200 richer in War Bonds through donations by the crew of the USS New Jersey for use in obtaining her future education. Governor Walter E. Edge made the presentation. The child's father, Arthur Meyer, is a prisoner of war in Germany. He has never seen his little beauty queen. She is held by her mother, Mrs. Harry C. Meyer.

FIGHT AND WEITE

Continued from page 1
harbor was really lit up last night. The three U. S. Battleships had their lights on and with the hospital ships and the rest of the fleet it looked like a Christmas tree.

"It is very cool here at night and sure makes you feel good after all of that hot weather. I have a piece of a scrap from some Jap mines that we blew up as we were coming in that I am going to bring home to my Dad for a watch fob."

PVT. BENNIE RICHMOND
Private Richmond of the U. S. Army Air Force arrived home last week to a furlough with his parents, Mr. and Mrs. A. J. Richmond. Bennie is stationed at Minter Field, Cal., and will report back there next week.

WENDALL HARRIS
Wendall Harris has recently returned home with a Naval assignment from the Service. He served overseas for many months in the Pacific theatre and since returning to the States has been stationed at the Naval Air Station in Groesbeek, Mich., where he is instructed. He is the son of Mr. and Mrs. Herbert Harris.

OBSERVATIONS

Continued from page 1
stated that the potential annual fish harvest in the big lake would be equal to 1,000,000,000 pounds but that around only 5,000,000 pounds were gathered by all the fishermen. This sold at the prevailing rate of 20c the pound, would mean \$1,000,000 to the families who depend on fishing for their living and incomes. That the proposed elimination of commercial fishing on the lake would mean practical cancellation of the business which has meant so much over the

period of years, putting many men who have been on the lake for as much as forty years, out in the cold.

A conference of land owners, prospective builders, contractors and labor men is in the wind to work out a building program for this area. More houses, living apartments and commercial buildings are imperative and this is the step to be taken to attempt to break the local bottle neck along this line.

The island dwellers are having their own troubles over navigating these roads that lead to their home and farm projects. Mud and water play havoc with transportation and the ever useful tractor has to be summoned to pull them out of the morass of mud churned up on the roadways.

Pete DeMoya envisions that within a short period of time that the Lake road from the packing house settlement to the Country Club will all be subdivided and a new residential section for fine homes will be developed. Here's hoping that his prediction may evolve into more than a dream.

Wish we could enumerate all of the proposed improvements that are talked about, but as some of them have been made confidential, dare not do so. Suffice to say that they would be amazing to the most optimistic. Last week building permits were presented to the Commission aggregating around \$50,000 including a packing house addition, a new colored church and several commercial projects. The building permits granted so far this year will aggregate more than a quarter of a million of dollars.

The Treasury Department at Washington has decreed that the next nation wide bond sale shall be the Victory issue for the sum of \$7 million, of which 27 million will be in "E" bonds, 28 million in other bonds and certificates and 37 millions for corporation buyers. This drive will start on October 29 and end December 9th. The department states that this fund will be earmarked and used for bringing our service men home, for their medical and hospitalization and for the cost of maintaining occupational troops in the European and Japanese area. This will be the eighth bond issue staged during the past four years, all of which were largely oversubscribed.

Local Teachers To Open School

Two local teachers, Miss Eleanor Hearne and Miss Mary McDairmont left here last week for New Orleans where they will open a private school on September 17 which will be known as "The Mary Eleanor Elementary School" and will teach children from kindergarten age through the 4th grade, French, expression, music appreciation, and music.

Miss Hearne has taught piano here for many years and Miss McDairmont has taught history and civics at the local high school for the past three years. Mrs. Mary Morris, grandmother of Miss McDairmont accompanied them.

County Gets School Funds

State Comptroller J. M. Lee, this week sent out checks to the school authorities of the 67 counties of the state in the sum of \$95,936, the first of the school year, and nine more are to follow before the end of the school year. Teacher unit pay from the state in Palm Beach county will

be \$995. Okeechobee, Glades and Hendry counties will be given supplemental funds over the regulation to carry on their school work.

Local Students Leave For School

As the fall semester begins many local students are leaving for their schools and colleges. Among those are the Misses Betty Ann Hill, Frances Collins, Alice Cromartie and Elizabeth Bregger who will attend the Florida State College for Women at Tallahassee; Joe Murphy and Billy Jeffries will study agriculture at the University of Florida at Gainesville; Miss Dixie Pool has entered Norman Junior College at Norman, Ga.; Miss Emily Bregger will study nursing at the Children's hospital at Boston, Mass.; B. Q. Waddell at the Southern College of Optometry at Memphis, Tenn.; Walter Cross has enrolled at Emory University in Atlanta, Ga.; Roland Whitlock and Elmer Lyons will enter Riverside Military Academy in Gainesville, Ga.; Miss Frances Mulach at the University of Wisconsin and Miss Helen Jones will return to Stetson University.

No Contract Awarded

At the present time no contract has been awarded for the erection of the proposed Mathis-Boc Appliance Company's new building here in Belle Glade. The same company is planning on erecting a similar structure to the Belle Glade plant at Clewiston and likely one in Okeechobee.

Missionary Meeting Announced For Tuesday

Next Tuesday afternoon at 3 o'clock the Missionary Society of the First Baptist church will meet at the church. Mrs. Walter Schaeffer will be in charge of the program.

School News
and
LITTLE FOLKS DOINGS
By Louise Friedheim
Phone 272

The Methodist Youth Fellowship met on Sunday evening and elected their officers for the year. Those elected are as follows: President, Robert Taylor; Vice President, Larry Royal; Secretary, Louise Emery; Treasurer, Grace Eggleston; Methodist Youth Fund Treasurer, Kenneth Harris; Worship and Evangelism Chairman, Gerry Dray; World Friendship Chairman, Donna Lee Bowman; Community Service Chairman, Edmund Jameson; Recreation Chairman, Mary Eleanor Kiddier.

The club was to have the church services on Sunday morning but because of the storm they were unable to do so. Therefore they gave their program at their meeting. Next Sunday night refreshments will be served and games will be played after the meeting. All adults are invited to attend.

Boy Scouts
The Boy Scouts of Troop 22 met on Tuesday night at the Boy Scout Hut. Assistant Scoutmaster Bill Elder met with the boys. Starting next meeting a contest lasting eight weeks will be held over laying and following trails, signaling, knot-tying, first aid, compass, safety, inspection and court of review.

The Gulf Stream Council will hold a swim meet at the Lido Pools in Palm Beach tomorrow. There will be free-style, backstroke and breast stroke for those over and under 120 pounds. There will also be a relay, a diving contest and a rescue.

Demolish Dance
The first dance of the school term was held by the Demolishers in the high school gym on Friday night. Since the floors had been fixed so nicely during the summer they decided to have a hobo dance. Everyone came dressed in old dungarees, slacks and shirts and barefooted. Mary Eleanor Kiddier played the piano for folk dances and some of the dancing.

Miss Catherine Lavery, Coach and Mrs. Cook and Mr. and Mrs. Joe Cherry chartered the dance. Coca colas and cakes were served and everybody had a grand time.

Dianne TeStrake Honored
Dianne TeStrake was honored

on her eleventh birthday with a party given by her mother at their home. Mrs. Spencer Andrews made the cake, the color scheme being pale green and pink. A two course luncheon was served to Nancy Ball, Dorothy Kiddier, Esther and Catherine Friedheim, Janie Hamilton, Nannie Jean Moore, Joan Rabin, Elaine McCabe and Barbara Wedgworth.

Pep Club Meets

The Pep Club of the Belle Glade High School held its first meeting last Friday. Miss Catherine Lavery, our new physical education teacher has taken over the job of sponsor. Anyone who is eighth, ninth, tenth, eleventh or twelfth grade and has a 'C' average in all subjects is eligible for membership.

On Tuesday the following girls tried out for cheer leaders: Peggy Thompson, Louise Emery, Louise Hamilton, Carlene Coe, Sue Cherry, Dorothy Layfield, Joyce Boudichart, Jean Norman, Charlotte Enlow, and Louise Friedheim. Peggy Rawls is the only cheer leader left from last year and it was voted to keep her.

Our season football tickets went on sale Tuesday. Student tickets being \$1.25 and adults \$2.75 which will cover all home games with the exception of the Pahokee game which is a percentage game. Every member of the club is required to buy a season ticket. A free ticket will be given to anyone selling ten adult or twenty student tickets.

On Tuesday Betty Greer and Beverly Hughes began selling ads for our football programs. The programs were given to us by the Coca Cola Bottling Company and they're really swell.

On Wednesday the following girls were elected by the Pep Club as their cheer leaders for the coming season: Peggy Rawls, Charlotte Enlow, Carlene Coe, and Louise Friedheim.

BLESSED EVENT

Mr. and Mrs. Gene Bass are announcing the birth of a daughter, Carol Elaine, on September 15th at Saint Andrew, Fla. Mr. Bass was formerly employed here by Kilgore and has been doing defense work at the shipyard in Panama City for the past two years.

NO IMMEDIATE HELP

(Continued from page one) asked to take such steps as are necessary to insure some permanent relief from flood conditions by appeal to State, Federal, District or county agencies. Discussions indicated that a general sentiment prevailed for some plan that will give relief to lands served by the Palm Beach, Hillsboro and North New River Canals.

A resolution asked the Engineers to keep the Lake level at 16 feet and if it exceeds that to lower it to that figure as soon as possible.

Chairman P. P. DeMoya assured the gathering that the RDB not only would accept the job of getting some "dirt flying" but craved the job.

Some of those attending expressed the belief that a forward step has been taken to secure some relief to the Glades of Palm Beach County and possibly mark the way for other counties affected to reach some plan that will answer their needs.

Rabies Vaccine Given Saturday

Dr. Charles T. Bush, veterinarian from the Knowles Animal hospital in West Palm Beach, will be at the Okceehocce Migratory Camp Saturday morning from ten o'clock in the morning until 1 P. M. for the purpose of inoculating dogs against rabies. Dog owners are requested to have their dogs there during those hours.

Waters Threaten Highway No. 26

Farmers out on Route 26, south of South Bay are fearful that the high and swift waters now in the North New River Canal may cut and erode thru the rock highway and possible result in the flooding of cultivated farm lands.

A survey of the sections East and Southeast of Canal Point on Wednesday would indicate a total loss of planted crops due to the Mounds Canal levees giving way in places and water overflowing in.

HURRICANE SURVEY

(Continued from page one) amount of water in the big bowl was there, except that which flowed back into the canal channels. This demonstrated that if the dyke could withstand a blow as severe as the early Sunday morning one, it could still harbor heavier ones, if they ever come.

Sugar cane, which stood so tall and majestic before the storm, took an awful wallowing from the strong winds, and now lies broken and tangled into masses. Sugar company officials state that while it will make it more expensive to harvest, it will be harvestable, so that there will be little change in the plans for the season's program. Plans call for the starting of harvest work in about six weeks.

Surveys show that apparently the heaviest rain fell during the storm extended over the territory reaching from Sand Cut southwest to South Bay. Most of the fields around Canal Point were flooded to field dyke capacity and threatened to cut the retaining dykes. The Azucar water gauge showed a rain fall of 7.5 inches, while that at the Experiment Station registered 5.5 inches. It is reported that at the Jones Bros. farm, south of Anwar, fully ten inches of water fell in that area.

COMMISSION

Continued from page 1
City Commission had not exceeded its prerogatives when it enacted and published a resolution on the FEC-Atlantic Coast line ownership proposition without finding out public sentiment. The Commission members were willing to discuss the matter and indications were that a majority of the members thought they had pulled a "bone" in that area.

CAMERAGRAPHS

Beginning the assembly of a chronometer, the "heart" of all our fighting ships. This young lady wears white cotton gloves so that no moisture will touch any part. Parts are so minute she must wear a jeweler's magnifying glass.

(Above, center) Returning a group of chronometers to a temperature chamber after winding and checking performance. Tests are divided into six periods at three different temperatures (90°-72°/55° F.) and the recovery from these temperatures.

Debris flies in all directions as an explosion convulses the carrier Franklin. Badly shattered by Jap suicide planes, only one part of the ship so that no single hit will destroy it. With the two remaining Hamiltons, the "unsinkable" Franklin was able to navigate the 12,000-mile voyage to the New York Navy Yard.

YOUNG WOMEN

The TELEPHONE COMPANY offers fine opportunities for employment in permanent positions. With thousands of returning servicemen coming home from overseas daily, the need for more switchboard operators is urgent.

Your opening position as an operator can lead to a supervisor, for advancement is from the ranks. There's a liberal paid vacation schedule. . . . Increases in salary at regular intervals. . . . time and a half for overtime above a 5-day week. . . . sickness benefits and pension plan. . . . these are just a few of the advantages in working for a company like SOUTHERN BELL TELEPHONE AND TELEGRAPH COMPANY.

Apply to Employment Supervisor MRS. K. H. MAPP, Avenue C, Belle Glade, Fla.

Lester Green, gardener, has found a way to fool cutworms. Before he sets out tomato plants he plants about fifty iron spikes with tomato juice and sticks them in the ground. After chewing on the spikes for a week the cutworm's cutter is so dull it can't cut a plant. Then Lester sets out his tomatoes and the plants all live so he saves money to buy extra War Bonds.

The Methodist Youth Fellowship met on Sunday evening and elected their officers for the year. Those elected are as follows: President, Robert Taylor; Vice President, Larry Royal; Secretary, Louise Emerson; Treasurer, Grace Egerton; Methodist Youth Fund Treasurer, Kenneth Harris; Worship and Evangelism Chairman, Gerry Deas; World Friendship Chairman, Donna Lee Bowman; Community Service Chairman, Edmund Jamison; Recreation Chairman, Mary Eleanor Kidder.

The club was to have the church service on Sunday morning but because of the storm they were unable to do so. Therefore they gave their program at their meeting. Next Sunday night refreshments will be served and games will be played after the meeting. Any adults are invited to attend.

Boy Scouts
The Boy Scouts of Troop 22 met on Tuesday night at the Boy Scout Hut. Assistant Scoutmaster Bill Elder met with the boys. Starting next meeting a contest lasting eight weeks will be held over laying and following trails, signaling, knot-tying, first aid, compass, safety, inspection and court of review.

The Gulf Stream Council will hold a swim meet at the Lido Pools in Palm Beach tomorrow. There will be freestyle, backstroke and breast stroke for boys over and under 120 pounds. There will also be a relay, a diving contest and a rescue.

Dance
The first dance of the school term was held by the Denodans in the high school gym on Friday night. Since the floors had been fixed so nicely during the summer they appeared to have a lido dance. Everyone came dressed in old dandies, slacks and shirts and barefooted. Mary Eleanor Kidder played the piano for folk dances and some of the dancing.

Miss Catherine Lavery, Coach and Mrs. Cook and Mr. and Mrs. J. C. Cherry accompanied the dancers. Corn cobs and cake were served and everybody had a grand time.

Dance
Dance T-Strike Honored
Dance T-Strike was honored

on her eleventh birthday with a party given by her mother at their home. Mrs. Spencer Andrews made the cake, the color scheme being pale green and pink. A two course luncheon was served to Nancy Ball, Dorothy Kidder, Esther and Catherine Friedheim, Janie Hamilton, Nannie Jean Moore, Joan Rabin, Elaine McCabe and Barbara Wedgworth.

Pop Club Meets
The Pop Club of the Belle Glade High School held its first meeting last Friday. Miss Catherine Lavery, our new physical education teacher has taken over the job of sponsor. Anyone who is in the ninth, tenth, eleventh or twelfth grade and has a "C" average in all subjects is eligible for membership.

On Tuesday the following girls tried out for cheer leaders: Peggy Thompson, Louise Emerson, Louise Hamilton, Carlene Cane, Sue Cherry, Dorothy Layfield, Joyce Berchard, Joan Norwood, Charlotte Enlow and Louise Friedheim. Peggy Ravis is the only cheer leader left from last year and it was voted to keep her.

Our season football tickets went on sale Tuesday. Student tickets being \$1.25 and adults \$2.75 which will cover all home games with the exception of the Pahokee game which is a percentage game. Every member of the club is required to buy a season ticket. A free ticket will be given to anyone selling ten adult or twenty student tickets.

On Tuesday Betty Greer and Beverly Hughes began selling ads for our football programs. The programs were given to us by the Coca Cola Bottling Company and they really swell. On Wednesday the following girls were elected by the Pop Club as their cheer leaders for the coming season: Peggy Ravis, Charlotte Enlow, Carlene Cane, and Louise Friedheim.

BLESSED EVENT
Mr. and Mrs. Gene Bass are announcing the birth of a daughter, Carol Elaine, on September 15th at Saint Andrew, Fla. Mr. Bass was formerly employed here by Kilgore and has been in the lumber trade at the shipyard in Panama City for the past two years.

NO IMMEDIATE HELP
(Continued from page one)
asked to take such steps as are necessary to insure some permanent relief from flood conditions by appeal to State, Federal, District or county agencies. Discussions indicated that a general sentiment prevailed for some plan that will give relief to lands served by the Palm Beach, Hillsboro and North New River Canals.

A resolution asked the Engineers to keep the Lake level at 16 feet and if it ever fell to lower it to that figure as soon as possible.

Chairman P. P. DeMora assured the gathering that the RRB not only would accept the job of getting some "dirt flying" but craved the job.

Some of those attending expressed the belief that a forward step has been taken to secure some relief to the Glades of Palm Beach County and possibly mark the way for other counties affected to reach some plan that will answer their needs.

Rabies Vaccine Given Saturday
Dr. Charles T. Bush, veterinarian from the Knowles Animal Hospital in West Palm Beach will be at the Oklawaha Migratory Camp Saturday morning from ten o'clock in the morning until 1 P. M. for the purpose of administering dogs against rabies. Dog owners are requested to have their dogs there during those hours. 9-21-45

Waters Threaten Highway No. 26

Farmers out on Route 26, south of South Bay are fearful that the high and soft waters now in the North New River Canal may cut and erode thru the rock highway and possible result in the flooding of cultivated farm lands.

A survey of the sections East and Southeast of Canal Point on Wednesday would indicate a total loss of planted crops due to the Mounds Canal levees giving way in places and water over-flowing in.

HURRICANE SURVEY

(Continued from page one)
amount of water in the big bowl is more expensive to harvest, it will be less desirable, so that there will be little change in the plans for the season's program. Plans call for the starting of harvest work in about six weeks.

Surveys show that apparently the heaviest rain fell during the storm extended over the territory reaching from Sand Point southeast to South Bay. Most of the fields around Canal Point were flooded to field dyke capacity and threatened to cut the planning dikes. The Anwar water gauge showed a rain fall of 7.5 inches, while that at the Experiment Station registered 5.5 inches. It is reported that at the Jones Bros. farm south of Anwar, fully ten inches of water fell in that area.

COMMISSION

Continued from page 1
City Commission had not exceeded its prerogatives when it enacted and published a resolution on the FEC-Atlantic Coast line ownership proposition without finding out public sentiment. The Commission members were willing to discuss this matter and indications were that a majority of the members thought they had pulled a "honer" in that act, and that a rewording of such action and sentiment might be wise before the old commission went out of power.

Mayor Baker expressed himself that he was not yet ready to admit that he should change his own personal sentiment or vote on that issue. No action was taken but there may be prior to the last meeting of the board on next Wednesday night.

YOU NEED HIM! HE NEEDS YOU! BUY WAR BONDS

WHAT YOU DO: put in clothes, set a dial, add soap.
WHAT THE BENDIX DOES: fills itself, tumbles clothes clean, thoroughly tumbles rinses, dries clothes ready for the line or dryer, cleans and empties itself, and shuts off—all automatically! The Bendix takes only 1 sq. ft. of floor space, fits perfectly in kitchen, bathroom, utility room, laundry.

Standard Model

EXCLUSIVE TUMBLE ACTION:
tumbles clothes through suds 60 times a minute, yet so gently that even fine fabrics launder beautifully
